

Request for Proposal

Research Consultant for Statewide Media Campaigns

REQUEST FOR PROPOSAL (RFP): Research Consultant PaStop and PaStart Media Campaigns	SUBMISSION DUE BY: 10/20/2023	ORGANIZATION: Commonwealth Prevention Alliance
---	---	--

MEDIA CAMPAIGNS PROJECT OVERVIEW

The [Commonwealth Prevention Alliance](#) (hereinafter "CPA") is seeking proposals from a qualified Research Company (hereinafter "Consultant") to enhance the credibility, understanding, and effectiveness of the PaStop and PaStart media campaigns. The consultant's role will involve conducting comprehensive research, providing evidence-based recommendations, and collaborating with the campaign team to ensure that messaging and strategies align with accurate information and evidence-based practices.

CONSULTANT QUALIFICATIONS

We are looking for a Research Contractor with the following qualifications:

- Expertise in research methodologies related to substance misuse (particularly opioids), prevention of opioid use disorder, and mental health issues.
- Strong collaboration skills to engage with a diverse workgroup.
- Proficiency in providing consultation and technical assistance.

CONSULTANT PRIMARY RESPONSIBILITIES

The consultant will play a crucial role in ensuring that the PaStop and PaStart campaigns are grounded in evidence-based practices and effectively communicate their messages to the target audience. The consultant's responsibilities include:

- Developing a comprehensive research report that supports the goals of the PaStop and PaStart campaigns, focusing on opioid use/misuse, prevention, intervention, harm reduction, and recovery strategies.
- Participating in workgroup calls to align research findings with campaign activities.
- Providing consultation and technical assistance to project coordinators, evaluators, media consultants, and the CPA Executive Director.
- Collaborating with other consultants to create accurate and engaging social media content based on research insights.
- Reviewing and updating campaign information and products on the website to ensure accuracy and alignment with research findings. Also assist with detecting stigmatizing language, images, etc. on website.
- Offering ongoing support, expertise, and guidance on research-backed messages, content development, and data analysis throughout the campaigns' duration.

CPA is firmly committed to executing media campaigns and partnering with qualified consultants that mirror the diverse communities we serve across the state of Pennsylvania. As an equal opportunity organization devoted to diversity, equity, inclusion, and belonging (DEIB), we enthusiastically encourage applications from all eligible candidates

ABOUT THE COMMONWEALTH PREVENTION ALLIANCE

The Commonwealth Prevention Alliance (CPA) is a private non-profit established in 1976 by a small group of dedicated prevention professionals. Today, CPA remains a strong advocate for the prevention of substance use/misuse and mental health issues. CPA is committed to validating the critical role that prevention plays in the lives of every Pennsylvanian. Since 1991, CPA has hosted an annual conference that provides a state-of-the-art, dynamic, and comprehensive platform for prevention practitioners and other vested stakeholders to share best and promising practices that build strong and healthy communities and save lives.

CPA has made significant strides in advancing the field of prevention. Noteworthy accomplishments include testifying before Congress on the need to reduce tobacco product use, developing prevention specialist certification in partnership with the Pennsylvania Certification Board and Pennsylvania Prevention Directors' Association, and representing grassroots prevention providers on multiple Department of Drug and Alcohol Program workgroups, including the prevention workgroup and various grant advisory boards. Through these partnerships, local prevention voices have had a critical, positive impact on state-level decisions.

In January 2019, CPA's Executive Director has advocated for increased prevention funding, primary prevention efforts in rural counties, against the expansion of outlets that can sell spirits and the legalization of recreational marijuana at the Pennsylvania General Assembly. The ED also collaborated with the PA Liquor Control Board to conduct PA's Higher Education Needs Assessment and responded to the COVID pandemic by successfully shifting the 2020 and 2021 conferences to dynamic online events. Through partnerships with other statewide organizations, CPA also designed and led the Pennsylvania Prevention Week celebrations for the past several years, coordinating with the Substance Abuse and Mental Health Services Administration's (SAMHSA) national prevention week initiative, which raises awareness about the importance of substance use prevention and positive mental health.

PROJECT DESCRIPTION - STATEWIDE MEDIA CAMPAIGNS: [PaStop.org](https://pa-stop.org) and [PaStart.org](https://pa-start.org)

In collaboration with invested state prevention partners, CPA developed and launched two statewide media campaigns: PaStop.org and PaStart.org. The overarching objective of both initiatives is to furnish resources and support to prevention networks encompassing prevention organizations, coalitions, school district personnel, higher education AOD professionals, faith-based organizations, workplaces, parents/caregivers, individuals, and more across Pennsylvania. These campaigns aim to assist these networks in promoting local programs, initiatives, and prevention strategies.

PaStop Media Campaign

The PaStop campaign, currently in its 8th year, stands committed to effectively addressing the opioid and overdose epidemic in Pennsylvania. This comprehensive endeavor strives to achieve the following objectives:

- Raise statewide awareness
- Reduce stigma
- Promote positive action
- Increase knowledge among young adults and the public regarding the implications of sharing prescription medications

The campaign's holistic approach seeks to prevent opioid misuse, promote treatment and recovery, prevent overdoses, and empower individuals and communities to proactively combat the opioid crisis. The opioid and overdose epidemic has led to a significant surge in addiction, overdoses, and related fatalities, primarily due to the misuse of opioids, including illicit drugs like heroin and synthetic opioids. The PaStop campaign plays a pivotal role by providing essential awareness, education, and guidelines to the public. Through comprehensive media campaigns, PaStop aims to educate individuals and communities about the risks associated with opioid misuse, the signs of opioid use disorder, and the importance of seeking help for oneself or loved ones.

PaStart Media Campaign

In its 5th year of operation, the PaStart campaign is dedicated to its overarching goal: equipping prevention organizations and coalitions in Pennsylvania with meticulously researched messaging that reinforces their local prevention programs and initiatives. This initiative benefits families, parents, caregivers, and communities alike. Leveraging the broad reach and connections of the CPA, the campaign endeavors to disseminate effective and evidence-based messages pertaining to mental health and substance misuse prevention. These messages are designed to:

- Raise awareness
- Educate the public
- Empower individuals and communities to take proactive steps in preventing mental health and substance issues before they manifest

PaStart delivers valuable resources to prevention organizations and coalitions by providing comprehensive and dependable messaging materials aligned with best practices in prevention. By extending support to local entities, the campaign aims to enhance their capacity to effectively engage and educate communities, contributing to the broader goal of preventing mental health and substance-related challenges proactively.

PROJECTED DATES: October 27, 2023 – September 29, 2024

RESPONSIBLE FOR: The coordination of the PaStop and PaStart Media Campaigns

ANNUAL FLAT FEE: \$40,000 (approximate)

REPORTS TO: CPA executive director

CAMPAIGN GOALS

- I. Provide comprehensive education, training, and research-based messaging and media resources, to Pennsylvania's network of prevention professionals, empowering them to effectively lead community programs and initiatives to address and/or prevent opioid use disorder and mental health issues.
- II. Foster increased collaboration with Pennsylvania's network of prevention professionals, aiming for a 10% growth in partnerships compared to the 2022-2023 campaign.
- III. Achieve a 10% increase in the number of downloaded toolkits compared to the 2022-2023 campaign, ensuring wider access to critical resources.
- IV. Translate all newly developed Statewide Campaign Materials into Spanish, ensuring accessibility and inclusivity for Spanish-speaking communities.
- V. Strengthen our strategy for creating targeted media messages focusing on equity, LGBTQIA+ inclusivity, and accessibility. These messages will be deployable during key awareness events, including but not limited to International Overdose Awareness Day, Mental Health Awareness Month, Recovery Month, and Prevention Week.

CONSULTANT SCOPE OF WORK

By engaging a research contractor, CPA aims to enhance the campaigns' credibility, target audience understanding, message development, campaign strategy, and evaluation processes. The contractor's expertise and support will contribute to the success of the campaigns and ensure that they are based on accurate information, evidence-based practices, and effective communication strategies.

- **Comprehensive Research Report:** The research contractor will develop a comprehensive research report that supports the objectives of the PaStart and PaStop campaigns. The report will focus on substance misuse trends and data (particularly opioids) in PA; and, explore effective prevention strategies, intervention approaches, increasing access to services, and recovery supports. The report will provide evidence-based recommendations and insights to inform the campaign's messaging, strategies, and target audience. The research for this report will begin after a few meetings with the consultant team and the CPA executive director. In addition, the researcher will assist in collecting data to support messaging and the target audience around specific awareness days/months, i.e. International Overdose Awareness Day, National Prevention Month, Mental Health Awareness Month.
- **Consultation and Technical Assistance:** The research contractor will provide consultation and technical assistance to the project coordinator, evaluator, media consultant, and CPA Executive Director as needed. They will offer their expertise and knowledge to guide decision-making, address research-related questions, and provide support in implementing evidence-based approaches within the campaigns.
- **Media Messaging Content:** The research contractor will collaborate with other consultants to create accurate and accessible media content. They will contribute their research insights to develop engaging and informative messages that resonate with the target audience. This will help ensure that the campaign's social media content is based on reliable information and effective communication strategies.
- **Campaign Information Review and Update:** The research contractor will work with CPA to review and update campaign information and products on the website. They will follow an agreed-upon schedule set by the consultant workgroup to ensure that the campaign's website remains current, accurate, and aligned with the latest research and messaging guidelines.
- **Ongoing Support and Expertise:** Throughout the duration of the campaigns, the research contractor will provide ongoing support, share their expertise, and offer guidance on research-backed messages, content development, and data analysis. They will collaborate with the campaign team to monitor progress, evaluate the effectiveness of the campaigns, and make recommendations for continuous improvement.
- **Participate in bi-monthly meetings with the CPA executive director and other campaign consultants.**

- July-Sept: Campaigns Implemented
- August 1: International Overdose Awareness Media Campaign
- September 1: Recovery Month Media Campaign
- September 29: End of Quarter Evaluation Report

CAMPAIGN ROADBLOCKS AND BARRIERS TO SUCCESS *(these may not apply to all consultants)*

1. Stakeholder Alignment: Ensuring that all stakeholders, including prevention professionals, organizations, and committee members, are aligned in terms of goals, strategies, and expectations can be challenging. Misalignment can lead to delays and inefficiencies.
2. Technical Challenges: Technical issues, such as website glitches or media production problems, can disrupt campaign delivery. Regular monitoring and maintenance of technical aspects are essential.
3. Communication and Messaging: Crafting effective and culturally sensitive messages that resonate with diverse audiences can be challenging. Miscommunication or insensitive messaging can harm the campaign's impact, individuals, and communities.
4. Changing Trends: Rapid changes in technology and media consumption habits can affect the effectiveness of campaigns. Staying up-to-date with trends and adapting strategies is crucial.
5. Measuring Impact: Accurately measuring the impact of media campaigns can be challenging. Continue to monitor appropriate metrics and evaluation methods to assess effectiveness.
6. Timely Project Completion: Delays in project completion can disrupt campaign schedules, affecting the overall success of the initiatives.

EVALUATION METRICS AND CRITERIA

All submissions will be based on the following criteria and scored accordingly:

- I. Qualifications and Experience: We will assess the applicant's qualifications, including their education, experience, and expertise in project management, media campaigns, and public health initiatives.
- II. Project Plan and Approach: We will evaluate the clarity of the applicant's project plan.
- III. Budget Proposal: We will review the applicant's budget proposal to ensure it aligns with the project's financial requirements and represents a fair and reasonable cost for services.
- IV. Diversity and Inclusivity: We will consider the applicant's commitment and proposed strategies for contributing to our organization's goals of diversity, equity, and inclusion.
- V. References: We will contact and consider feedback from professional references provided by the applicant, assessing their suitability and past performance.
- VI. Conflict of Interest Resolution: We will evaluate the applicant's ability to address and manage any potential conflicts of interest related to other projects they may be coordinating.
- VII. Capacity and Workload: We will assess the applicant's capacity to manage the workload associated with the campaigns, ensuring they have the resources & team necessary for success.
- VIII. Quality of Work Samples: We will review samples of the applicant's previous work to assess the quality and relevance of their past projects.
- IX. Overall Proposal Presentation: We will evaluate the clarity, organization, and professionalism of the applicant's overall proposal presentation.
- X. CPA Policies. Adhere to all policies, laws, regulations, and codes of ethics and confidentiality as

outlined by federal and state laws, and CPA's policies and procedures, as they are of utmost importance. Liability insurance is required.

SUBMISSION REQUIREMENTS *(please review evaluation metrics and scope of work)*

Please limit your submission to approximately 6 – 7 pages.

All submissions should be emailed in a Word or PDF document to the CPA Executive Director, Jeff Hanley, at: jeff.hanley@paprevention.org

Submission Requirements Include:

I. Organization/Individual Name:

- Clearly state your name, organization, and address.
- Number of Staff Assigned: specify the number of staff dedicated to this project, including their roles and qualifications.
- Describe the services you offer, emphasizing the ability to fulfill the consultant's scope of work.
- Include the name and contact information (phone number and email address) of the principal staff member assigned to this project.

II. Samples of Relevant Work

- Provide a summary of your work history, highlighting relevant experience in project coordination, media campaigns, and any public health initiatives.
- Submit samples of your previous work, such as campaign materials, reports, or case studies (if relevant to the role). Include a brief explanation of the context and outcomes of each sample provided.

III. Project Plan

- Create a project plan that outlines your approach to working on the campaigns. You can describe your methodology, strategies, and key considerations based on the information provided to you.
- Provide an explanation that demonstrate the applicant's capacity to manage the workload associated with the campaigns.
- Provide a brief description of how you intend to contribute to the development of diverse and inclusive campaigns, including strategies or past experiences related to diversity and equity.

IV. Detailed Budget Summary

- Provide a budget summary that outlines all anticipated costs and fees associated with coordinating and executing the campaigns.
- Breakdown expenses including compensation, production costs, and any additional resources required. As a reminder in addition to the consultant fees, we have \$300,000 budgeted for media placement.

V. Professional References

- Provide contact information (name, organization, phone number, and email address) of two professional references who can vouch for the applicant's qualifications and work history. The references of all finalists will be contacted.

VI. Addressing Conflict of Interest

- Please address any potential conflicts of interest related to other projects you're coordinating & if they interfere with CPA. CPA works in the prevention of substance use/misuse and mental health issues, so; please indicate if you are currently or have worked with/for the pharmaceutical, alcohol, marijuana, or tobacco industries. If there is any conflict, please explain how you plan to manage it to ensure impartiality and transparency.

RFP SUBMISSION DUE BY: October 20, 2023

BUDGET: Approximately \$40,000
